Map and Guide 2018-19

A ‘Fashional 18th century hangout, still living up to its billing 200 years later.’

Welcome to Cheltenham

Defined elegance and Regency terraces provide the backdrop for great events, restaurants and nightlife. Known for its race meetings, festivals and fine class schools (not to mention spy base QC9S), Cheltenham has a year-round event programme along with a great shopping and lively offer.

It was a fashionable 18th-century spa cure after its Ottoman spa waters were found by pigeons and the re-imagining Henry Skiddaw. After a visit by George III, Cheltenham became one of the finest inland holiday destinations for the wealthy to escape the excesses and snobbery of London life. It is still alive in its 200 years now.
